

The Journey *continues*

Rockbridge Area Hospice offers a unique service to all of our patients and their families. *The Journey Continues* program offers a way to capture life's final moments and to preserve those precious memories for generations to come.

Through the use of videography and photography services, a Rockbridge Area Hospice staff member or volunteer will visit with the patient and/or family and help record those memories the family wants to preserve or the story the patient wants to tell.

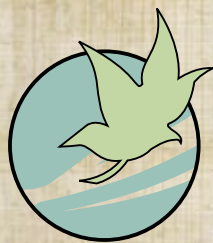

How others have used this program:

- *Photos of several generations together*
- *Video of patient telling stories or recalling fond memories*
- *Autobiographical - recording the highlights and special moments of life*
- *Patients playing or listening to music*

There is no charge for this service, and patients/families will receive one CD free of charge.

If you would like to utilize this special program please let your nurse or social worker know and they will arrange the service for you.

Rockbridge Area Hospice believes that an individual's worth, dignity and growth have no end. This program promotes peace, comfort, hope and closure so that the Journey Continues.
